

## **POST-EVENT REPORT**

**Title of the Program:** Educational Visit to the Departments of Forensic Medicine and Anatomy

**Date:** 21st August 2025

**Participants:** Higher secondary students of Jawahar Navodaya Vidyalaya, Vadakara

### **Program**

As part of their one-day educational tour, the higher secondary students of Jawahar Navodaya Vidyalaya, Vadakara, visited the Departments of Forensic Medicine and Anatomy, Malabar Medical College Hospital and Research Centre. The students visited the Forensic Medicine Museum, Crime Scene Demonstration Area and Anatomy Museum, gaining exposure to various specimens and their practical applications.

An interactive quiz was also conducted by the Department of Anatomy. The students were highly enthusiastic and excited throughout the visit, actively interacting with the faculty and asking numerous questions.

### **Objectives & Outcome**

The visit aimed to provide students with an interesting and practical introduction to Anatomy and Forensic Medicine. The programme generated considerable curiosity and enthusiasm, with active participation in the museum visits, crime scene demonstration and quiz. The students gained valuable insight into the practical and applied aspects of both subjects.
