

POST-EVENT REPORT

Title of the Program: Forensic Medicine Quiz (Forensic Quest 3.0) – National Forensic Medicine Day 2026

Date : 12th May 2026

Time : 2:00 PM – 4:00 PM

Participants : 2023 MBBS Batch – approximately 200 students

Program:

A Forensic Medicine Quiz was organized by the Department of Forensic Medicine as part of the observance of National Forensic Medicine Day. The entire 2023 MBBS batch, comprising approximately 200 students, participated in the programme and was divided into four teams. The quiz consisted of interactive rounds including **Visual Verdict, Forensic Jumble, Dumb Charades, and Curious Case Round**, designed to assess forensic knowledge, visual interpretation, quick thinking and application of concepts.

Objectives:

- To reinforce key concepts in Forensic Medicine.
- To promote teamwork, quick thinking and application of knowledge.
- To encourage interest in Forensic Medicine through interactive learning.

Program Outcomes:

- Students actively participated and demonstrated good teamwork and forensic knowledge.
- The quiz enhanced recall, observation and problem-solving skills.
- **Hruthwik Menon and Team** emerged as the winners.
