

Post-event Report

Title of the Program: Road Safety for Gen Z: An Awareness Talk on Road Etiquette

Date : 13th May 2026

Time : 1:00 PM – 4:00 PM

Participants : MBBS students and faculty members, Malabar Medical College.

Program Objectives

- To create awareness among young road users about road safety and responsible road behaviour.
- To reinforce the importance of following traffic rules and regulations.
- To promote safe and responsible practices among the younger generation.
- To provide practical insights into road safety and prevention of road traffic accidents.

Program Outcomes

The awareness talk was highly informative and engaging. Mr. Ajil Kumar C.K., Motor Vehicles Inspector, RTO (Enforcement), Kozhikode, shared valuable practical knowledge and experiences on road safety, traffic rules, and responsible road behaviour.

The session enhanced participants' understanding of road etiquette, traffic safety, and accident prevention. The practical insights shared during the session were well received by the audience.

The program received excellent feedback from both students and faculty members, who appreciated its relevance, practical value, and effectiveness in promoting road-safety awareness among young road users.
