

POST EVENT REPORT

Program title: Guest lecture on 'Current scenario of Organ Transplantation in Kerala'

Time and Date: 2.00 pm to 2.30 pm, 10th May 2024

Participant numbers: 200 students

Speaker: Professor Dr Dineshan K M, Senior Urologist, Malabar Medical College Hospital & Research Centre, Modakkallur, Calicut.

Program Objectives: To impart knowledge regarding the salient features of Transplantation of Human Organs and Tissues Act (THOTA) and the current scenario of Organ transplantation in Kerala.

Program Outcome: The program was conducted by the department of Forensic Medicine, MMCH& RC, Calicut. The salient features of Transplantation of Human Organs and Tissues Act (THOTA) and the current scenario of organ transplantation in Kerala were discussed. More importance was given to kidney transplantation, as that was the area of passion of our highly experienced guest speaker. Various procedures and technicalities related to the topics were also discussed. There was active involvement and interaction with the students. Overall, it was an informative and interesting event.
