

## Department of ENT – CME 2024

The Malabar MMC ENTCON 2024 held on May 11<sup>th</sup> and 12<sup>th</sup> in Malabar Medical College and Research Centre was a collaborative platform designed to propel knowledge, exchange and professional growth. The prestigious gathering was organised by the Department of Otorhinolaryngology, Malabar Medical College, with support from the AOI Malabar Chapter, AOI Kozhikode Chapter and Indian Speech and Hearing Association – Kerala branch. Highly interactive learning sessions, ranging from individual lectures by eminent personalities to panel discussions and pg paper presentations were highlights of the event. The first day of the conference witnessed the 'Shaking Hands' between the fields of Audiology and Otology. Starting with a prayer by Vaigha, a cochlear implantee herself, and having around 170 attendees, the first day was adorned with talks on Essential Audiology in Clinical Practice, Pediatric Audiology, FEES and a panel discussion on the Pitfalls and Challenges in Audiology Practice.

The second day was blessed with the presence of living legends in the field of Otorhinolaryngology from all over the state. They shared their wisdom on topics such as Management of voice and swallowing disorders, Radiology in hearing loss, Sudden sensorineural hearing loss, Laryngeal auscultation and more. All together the conference covered the latest updates in the field of Audiology and Otorhinolaryngology. In short it was a brilliantly organised and meticulously executed event.
